Patient Financial Responsibility
Dental Services

Thank you for choosing Siskiyou Community Health Center for your dental needs. We are committed to providing you with the highest quality dental care possible. We are providing this information regarding our financial policy to better assist you in determining your benefits and understanding your financial responsibility.

Private Insurance

We will bill your insurance for services provided; however, it is ***your responsibility to communicate with your insurance to determine if services are covered and what amount you will be responsible for***. For treatment services, we will provide you with a Proposed Treatment Plan indicating the recommended services and their estimated fees. You may use this document when contacting your insurance to assist with determining coverage.

Questions you may want to ask your insurance provider:

1. Does my policy cover this service and, if so, how much does my policy cover?
2. Is there a deductible that I am responsible for?
3. Is there a limit on the number of this type of service I can have in a year? What is the limit?
4. What dates are considered my policy year?
5. Is there a dollar limit on any of the services?

Once you have determined your estimated financial responsibility, you may contact our office to confirm or schedule your appointment(s).

We will contact your insurance prior to treatment to verify coverage and to determine if the service requires a prior authorization. If so, we will begin that process. If we receive a denial from your insurance for the prior authorization, we will contact you. For ***Crowns, Root Canals, Dentures, Bridges or Partials*** we will also request an estimate of patient responsibility within 30 days of the appointment. We will inform you of this estimated amount and will expect this to be paid by the time of service. For all other services, we will bill your insurance first before collecting from you.

For **ALL** services, any balance due after insurance processes the claim will be billed to you. ***We expect payment of this balance within 30 days of the statement date.***

(See other side for additional information)

Siskiyou Community Health Center

Self Pay/Slide

Services provided will be considered 100% patient responsibility, less the sliding fee discount for those who qualify.

For Preventive Services (*exams, cleanings, etc*) an estimated price range can be given to you upon request. If you do not qualify for the Sliding Discount Program, please ask our Registration Staff about our **Ounce of Prevention Program**. This program offers discounted services for preventive care.

For Treatment (*fillings, extractions, crowns, dentures, etc*), we will provide you with a Proposed Treatment Plan indicating the recommended services and their estimated fees. You may use this document to assist you in determining what treatment you can afford. Within 30 days of your treatment, we will create an estimate for you. This is the amount that will be due by the time of service.

**** IMPORTANT ****

All Proposed Treatment Plans and Estimates are ***estimates only***. The services and/or fees may be subject to change. We will do our best to make sure you have the most accurate financial information you need to make your treatment decisions; however, ***any changes to the estimated services/fees will be considered patient responsibility.***
